### Free Machine Check Project

7 Sep 2020

Dear Valued Customers:

In order to overcome Due to Covid-19 situation, we will launch the 2<sup>nd</sup> Project. We are going to check the all of your machine situation and make a report.

#### Project Detail

Sodick Engineer will check the machine. We can report the machine situation, Consumable Parts situation, etc. It takes about 1 hour for each machine.

#### How to contact

Sodick Vietnam will contact to all our customers and fix the schedule.

We will start from 21 Sep 2020 and expect to finish by 31 Mar 2021.

#### Machine Kinds

All Sodick machines which is registered to Sodick Vietnam.

Wire Cut EDM/Die-Sinker EDM/Milling Center/Small Hole Drilling EDM/Injection MM

#### Others

- 1, We will check one machine / one time only.
- 2, We will submit the machine check report with Service report after finish.
- 3, If need to change some parts or need to do some maintenance, we will issue quotation.
- 4, In this project, we will check machine situation only. We will not maintain or change parts.
- 5, If those machines are not maintained even after we check, we will not warrant those machines.
- 6, We are going to check the serial number, software version, options, also.
- 7, Please understand that we need the machine stop while we check machines.

Sincerely yours,

Hikomiki Goto,  
Sodick Vietnam Co., Ltd.
